

REQUEST TO MOVE UNCOVERED PRIMARY SPACE CLOSER

I, _____ of apartment #_____ request to move my primary parking space closer to the building. Currently, my Primary Parking space is _____.

I understand that I can only request to move my primary parking space closer if I have only one parking space, covered or uncovered.

I acknowledge that my current Primary Parking space _____ will revert to the Island House for reassignment.

Please note that when covered spaces become available in the front area of the parking lot, "owners" of covered spaces located in the back lot who have no other Primary Space will be given first option to exchange their covered back space for the available covered front space. **Priority will be based on the date at which the initial covered space was acquired in the back lot not on seniority in the building.**
